

2 Killed, 12 Injured

Terrible Railroad Accident Near Flemingsburg Yesterday

MOST OF INJURED FROM COVINGTON

Narrow-Gauge Train Falls Through Bridge Over Fleming Creek. Very Few Escape Injury of Some Kind

Two are dead, ten seriously and four slightly injured in the worst wreck in the history of the Cincinnati, Flemingsburg and Southeastern Railroad, which occurred three miles East of Flemingsburg, when the narrow-gauge combination passenger and freight train went through a 50-foot double-deck trestle over Fleming creek.

THE DEAD.

Harry Thomas, Covington, Ky.

Unknown laborer; no marks of identification.

SERIOUSLY INJURED.

Charles Rankins, Covington, Ky., chest, hips and head crushed; will die.

Mrs. Charles Rankins, Covington, Ky., crushed; will die.

Baby Rankins, Covington, Ky., head and legs crushed; will die.

Clarence Browning, Flemingsburg, engineer, head crushed.

Mat Bramel, Flemingsburg, brakeman, legs crushed, arms broken.

Ada Newman, 18, Grange City, hips broken, internally injured; probably fatal.

John Moore, Flemingsburg, conductor, arms broken, internally injured.

Curd Moore, Flemingsburg, engineer, internally injured.

Charles Dudley, Flemingsburg, Assistant Superintendent of road, head cut, leg broken.

Mae Rawlins, 14, Grange City, arms and leg broken.

Miss Amelia Snodgrass, Covington, Ky., head crushed.

Mrs. Harry Thomas and four-year-old daughter, Covington, Ky., crushed.

Miss Sallie Graham, 13, Covington, Ky., crushed.

Miss Myrtle Wheeler, Covington, Ky., crushed.

The cause of the wreck is said to be rotten timbers in the bridge. As the engine entered from the East side the structure commenced to sway, and before Engineer Moore could check the train the bridge crashed down, and the engine, passenger coach and freight car dropped in a pile in Fleming creek, a distance of fifty feet.

There were seventeen persons on the train and all were injured. Those slightly injured were brought to Flemingsburg, where the homes of the residents were thrown open, and they were so scattered that it was impossible to secure a list of those slightly injured.

In twenty minutes after the wreck occurred three hundred people from Flemingsburg hastened to the scene, the women volunteering as nurses. Physicians from Elizaville, Ewing, Mt. Carmel and Poplar Plains were summoned to Flemingsburg to relieve the suffering.

Lake Dudley, general manager of the road, was one of the first at the scene, and with the assistance of the farmers living near the wreck, the dying and injured were brought to Flemingsburg without delay.

The trestle where the wreck occurred was regarded as one of the most dangerous places on the road, and it frequently has been predicted that it was only a matter of time until it would give way.

One of the most striking features of the wreck was that the ill-fated train was a funeral train, bearing the corpse of Mr. Rankins' brother to Hillsboro to be interred. The body was mangled almost beyond identification.

Young Duley was a nephew of Mr. John Duley of Maysville.

Undertaker Thomas and wife arrived in Maysville yesterday on No. 2 over the C. and O. with the body of Mr. Rankin; and the funeral party was composed of many from Covington en route to Hillsboro with the remains.

THE lid is again on in Louisville. They will never get that lid down tight until they get TAFT to sit on it.

THE farmer's wife is in clover these days. At Lexington spring chickens are selling for 60 cents each, or \$7.20 a dozen. The women are getting the rake-off and they are entitled to it.

THE city of Louisville has just refused a man a permit to erect an \$800 pig pen. A pig pen costing \$800 ought to be an ornament to any city. No wonder Kentucky towns don't grow.

At Lexington war has been declared upon worthless and all other classes of dogs that howl 'o nights. Mayor Combs has just signed the ordinance prohibiting persons from keeping in the city, dogs which bark or howl "thus disturbing the peace and dignity of the city." A heavy fine is the penalty attached.

In the Louisville Police Court Rev. A. J. PETMAN, formerly a student at the Southern Baptist Theological Seminary, was given a dose of 30 days in the workhouse for pulling a pistol on his young wife and frightening her so that she jumped from their apartments 20 feet to the ground below. The wife has brought suit for "partial divorce," whatever that means.

For the past several years the railroads of the United States have been showing increased earnings every year over the preceding year. Their prosperity has been something so remarkable that it is phenomenal, and during the past five years the gross increase in earnings has been nearly two billion dollars over the previous five years. For the fourth week in April thirty-one railroads report an average gross increase in earnings of 22.42 per cent. and is beyond all expectations of the magnates. And still there's a howl about the rate bill and the 2-cent fare bill ruining the railroads.

PENALTIES OF EATING.

A Washington physician one morning was summoned by a patient whose eccentricities of diet had required calling him many times before; but on this occasion the patient was unusually frank about the cause of his trouble.

"It's my own fault, doctor," came from him in lugubrious tones. "Experience teaches one what he can eat and what he can't eat. Last night ate three cucumbers, a few radishes, a saucerful of strawberries and drank a glass of ice water. Then I went to bed. However, I've learned one thing a man has no right to drink ice water just before retiring."

COUNCIL PROCEEDINGS

There was a called session of the City Council yesterday afternoon for the purpose of meeting the Finance Committee of the Board of Education in reference to the ratifying by Council of the contracts recently awarded for the building of the two new school houses.

There seems to be a serious hindrance in the matter of securing the needed money. It was stated the new structures when completed would represent an outlay of \$93,000, and as only \$60,000 has been provided, for a stumbling block presented itself in the form of a \$33,000 deficit, and how to secure the amount and at the same time maintain the good credit of the city, was the dilemma confronting the august body.

There were numerous suggestions as to the best way to proceed in the matter under the circumstances. One was to go before the people asking for a bond issue of \$30,000. The most feasible proposition was to increase the school levy from 27 1/2 to 50c; creating a fund of \$7,000, and; together with the \$6,000 in hands of the Board of Education and \$7,000 to be derived from sale of old school buildings, totaling a sum of \$20,000, which being added to the \$60,000 would aggregate \$80,000, with which the Board could proceed with the work. The remaining \$13,000 could be carried over into the next year.

It seems to be the consensus of those capable of judging such matters that the city has secured a bargain in the present contract with Contractors Lane & Easton, and if allowed to go by default, Maysville will be the loser thereby.

Council will meet again Monday night at 7 o'clock, and it is to be hoped a way will be found to proceed with the work as now contemplated.

The tone of members of Council was decidedly in favor of having first-class, up-to-date buildings, and is that they but voiced the sentiment of the public at large. As Vice-President Schwartz put it, where there's a will a way will be found, and THE LEDGER hopes it will be so in this instance.

KICKERS' CORNER

If any one at any time for any reason has any cause to "kick" in any way at anything of any kind, here's the place to say his say. The door is open—walk right in and help yourself, free gratis and for nothing—but don't make your "kicks" too long—it's the short, quick fellows that count—and out.

The name of the kicker must accompany the kick, or it'll be kicked into the waste-basket.

Editor Public Ledger: In reply to numerous criticisms appearing in your columns, written by C. C. Degman, designed to mislead by employing as many different anonymous signatures concerning the management of the Springdale road, will ask permission to submit the following:

Mr. Degman's fault-finding with the county and meddling in turnpike affairs dates back to a period shortly after the completion of the Springdale Turnpike, which appears that C. C. Degman, in the organization of the company, became Director and President.

In letting contracts for construction, C. C. Degman, not only figures as President, Director and Manager, but also as one of the contractors for building said road. After completion, owing to hasty action, an unsuspecting Court of Claims paid to C. C. Degman, and others the sum of \$375 in excess of their rightful belongings. Subsequent to the payment of this amount by the county, suspicions arose in the mind of the then County Attorney, who had an accurate survey made, proving the road to be one and three-quarter miles long, instead of two, as represented by C. C. Degman and others; and, on refusal of C. C. Degman and others to refund this \$375 "tainted money," suit was brought, which, by judgment of the Mason Circuit Court, this same C. C. Degman and others, were compelled to refund to the Treasury of Mason County the amount illegally obtained—\$375.

During the time that elapsed between this and county ownership, this road, under this skilled financier, became bankrupt, and by virtue of sale passed under his sole jurisdiction. Bankrupt at the time of sale, it became immensely valuable when the county proposed to purchase; so much so, indeed, negotiations pending for three years after the gates were removed from all other roads, and passingly strange, too, when the deal was consummated nearly or quite 200 yards of said road was literally divested of every fragment of metal.

The expense of re-macadamizing this strip was, under the contract of purchase, to be borne by seller, and right here begins the start-

ing point of one C. C. Degman's bitter antipathy for the present manager of the road.

The first dash out of the box was a proposal from him to side-step the contract and use for finishing material gravel from his pit—a conglomeration of sand and loam, mixed with enough pebbles to make it appear decent. The Supervisor demurred, insisting on compliance with contract that rock should be used from top to bottom.

During progress of work, suddenly, as if by inspiration, Mr. Degman became possessed of an idea that about forty yards of space lying between the two points being worked, was not embraced in his contract, and to be fair, the Supervisor should employ him to do the work. The Supervisor met, this by saying: "That's embodied in your contract and can be looked into later on." Having finished what he alleged to be covered by contract, asked that his work be passed on and received, which was done; whereupon he, as contractor, demanded an order for his pay, and I, as Supervisor, emphatically declined to pay until the remaining gap was finished.

After the hills of Cabin Creek echoed and re-echoed his threats to sue the county, an attorney from Maysville was seen to visit the point in dispute, after which work was resumed and carried to a finish.

Mr. Degman's numerous communications to THE LEDGER, under as many different aliases, is calculated to inspire the belief that the Springdale road is nearing an impassable stage. I assert in public print, that the Springdale road is in as high state of repair as any road in the county—trunk roads not excepted. Mr. Degman asserts to the contrary:

One or the other stands convicted as a public liar, a willful falsifier of facts.

The evidence is open to public inspection; I invite the Fiscal Court to inspect it.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

LENGTHIEST KID

Ever Known Makes His Debut in Portsmouth, Ohio.

Portsmouth Blade.

A little son, who measured exactly 31 inches in length, which is said to be the longest child ever born in Scioto county, arrived this morning at the home of Mr. and Mrs. F. I. Gerbig, of East Portsmouth.

Dr. Hill, the attending physician, measured the child, whose height is already that of a child two years old. Mr. Gerbig is a well-known Norfolk and Western fireman.

County Unit Bill Decided Yesterday and Fourth Class Cities Must Vote Separately

Yesterday the Court of Appeals, by Judge Lassing, affirmed the Scott Circuit Court in the case of Yates, County Judge, vs. J. S. Nunnelly, etc.

Judge Yates refused to order an election for taking the vote of the people of Scott county under the County Unit bill. The Circuit Judge issued a mandamus to compel him to do so.

This court, in affirming the lower court, holds that in ordering such an election it must be done so as to give reasonable time to petitioners to hold election in first, second, third and fourth-class cities at same date as separate units.

Special Request.

In answering advertisements appearing in the columns of this paper, or when buying goods from a merchant whose advertisement appears in this paper, our readers are especially requested to state that they saw the advertisement in THE PUBLIC LEDGER. This will cost you nothing, and it will be gratefully appreciated by both the advertiser and the Editor.

In other words, the opinion lays down the rule that snap judgment shall not be taken of the vote to prevent the cities permitted as separate units to take advantage and vote in the whole county as a unit.

This means that if Mason county calls for an election under the "County Unit Law," that Maysville is not barred from voting separately on the question and having the result counted independently of the county.

The decision exactly coincides with the statement made in THE PUBLIC LEDGER the day following our local option election.

WOMEN'S WOES.

Maysville Women are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. J. B. Gibson of 22 East Fourth street, Maysville, Ky., says:

"The prompt and thorough action of Doan's Kidney Pills should recommend them to everyone suffering from backache or kidney troubles. I have known the value of this remedy for several years. Its use in my case proved to me that it is a reliable kidney cure and cannot be excelled for backache or weakness of the kidneys. I have recommended Doan's Kidney Pills before and I should advise every sufferer to get a supply and try them."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Weddings

Are more numerous in spring than at any other season of the year. Spring is also the season for house renovating, for changing, refitting and beautifying the home, nothing adds to the joys and happiness of life as much as a comfortable home. A home well furnished is the corner-stone of happiness. Young couples or others who are starting in housekeeping will do well to visit our store and inspect our Furniture. If you work hard for your money it is all the more reason why you should spend it wisely.
